

2008-2009

Congratulations to our laureates Outdoor Lighting Grants

OBJECTIVE OF THE CLU

The Lumeç "Concept Lumière Urbaine de Lumeç" (CLU) aims to encourage emerging designers to develop innovative lighting concepts within an exterior public space. Grants are awarded based on merit by the Lumeç CLU committee. This committee is composed of dedicated professionals within the Quebec community of creators and designers, and aims at social harmony by the quality of the built environment. Laureates were selected from all applications received.

1st prize / 2 500 \$

Jonathan Bouffard / Student in environmental design at " UQUAM"

Project : ROZO

Le ROZO urbain, offrant une gamme de possibilités, permet de répondre aux contraintes de l'environnement urbain et de combler des besoins variés en termes de luminosité et d'ambiance. Les modulations de la hauteur du fut et de la disposition des accessoires lumineux ont l'avantage d'impliquer la clientèle dans le processus de création et de proposer une esthétique personnalisée et une intégration optimale au contexte choisi.

La performance lumineuse est conforme aux pratiques dark sky.

2nd Price / 1 500 \$
